

# McNary Golf Club

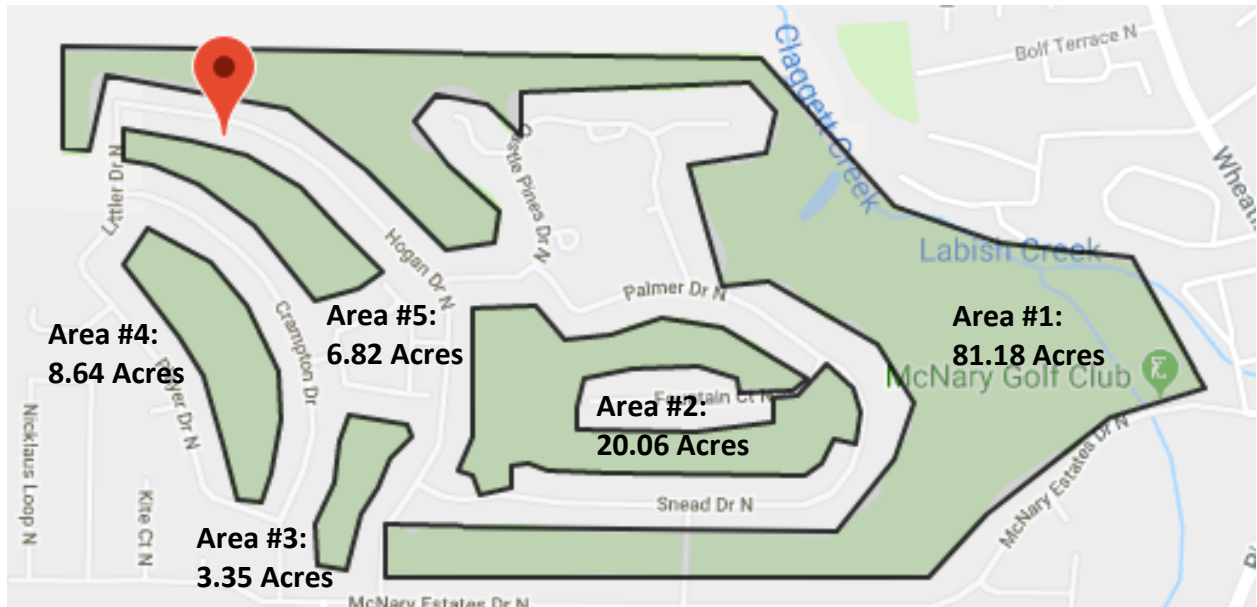

## Golf Course Interesting Facts

<b>Year Established</b>	1962 Originally Built/Opened Redesigned in 1989/90
<b>Architect</b>	Unknown
<b>Grass type on greens</b>	POA Annuua (Annual Bluegrass)
<b>Grass type of fairways and rough</b>	POA Annuua (Annual Bluegrass)
<b>Number of holes</b>	18
<b>Number of tee options</b>	6
<b>Yardage options and Ratings</b>	Blue = 6,239, M: 69.7/126 White = 5,960, M: 68.5/122, W: 74.0/134 White/Red Combo = 5,625, M: 66.9/118, W: 72.1/130 Red = 5,325, M: 65.7/112, W: 70.5/127 Red/Yellow Combo = 4,825, M: 63.5/109, W: 67.5/121 Yellow = 4,314, M: 61.4/104, W: 64.6/113
<b>Total Maintained Acreage</b>	120 Acres
<b>Acres of Fairway</b>	16.5 Acres
<b>Acres of Rough</b>	60-70 Acres
<b>Number of Greens</b>	23
<b>Square Footage of Greens</b>	132,756 square feet 3.05 Acres
<b>Number of Bunkers</b>	Greenside = 19 Fairway = 9 Practice = 1
<b>Square Footage of Bunkers</b>	20,660 square feet .47 acres
<b>Miles of Cart Paths</b>	8.14 miles Times 2 for edging each year!
<b>Marker Posts</b>	493 total marking posts 387 white OB posts 69 red/yellow penalty area posts 37 Stop/No Trespassing posts
<b>Cubic feet of water in lakes</b>	1,171,185 cubic feet 8,760,462 gallons 9.35 Acres of lakes
<b>Water usage for course irrigation (in millions of gallons)</b>	Unknown
<b>Number of trees on property</b>	~800 plus
<b>Number of Irrigation pumps</b>	2 – 75 HP 1 – 40 HP
<b>Number of sprinkler heads</b>	Total = 2,182

	Fairways, Greens, Approaches = 1,299 Rough = 380 (brown out areas) Other (grass around clubhouse) = 503
<b>Square footage of Clubhouse</b>	20,000
<b>Total number of pieces of maintenance equipment (&gt;\$2,500 value)</b>	78 pieces
<b>Number of full-time year-round maintenance employees (including superintendent)</b>	7
<b>Full-time equivalents for the year (Do not enter total hours worked. For FTE divide total hours worked by 2080. One FTE = 2080 annual hours. Include Superintendent and salaried staff as 1 FTE each)</b>	12 Total FTE  This is inclusive of the 7 Full-Time and 7 part-time seasonal employees from April thru October.
<b>Number of assistant superintendents employed</b>	2
<b>Does our club participate in environmental programs?</b>	No formal programs

**Other interesting tid bits ...**

- We use 160 tons of sand during 2019 spring aeration of greens. Illahee is using 900-1,000 tons during the same time. The biggest difference is the aeration and sanding of fairways at Illahee.
- We have sold \$11,635 in firewood since 2014.
- We have a total of 548 valve boxes on the course. What is inside those valve boxes? Lateral valves, wire connections, mainline valves, drain clean outs, electric valves, back flow valves, pressure relief valves, capped lines, wye strainers, Otterbine wire connections, drain valves, city sewer cleanouts, lake fill valves, and air diffuser control valves. Every one of those valve boxes has been mapped, tagged, and measured for location. They all have a large stainless-steel washer on the lid that identifies that specific valve box with a letter or number for mapping purposes. Each spring we have to cut out around all 548 of those valve boxes so they don't get lost and are easy to locate when needed.
- When we walk mow greens, we walk a total of 15.6 miles (all 23 greens). When we walk mow the 18th green side-to-side it takes about 78 passes, and then three clean-up passes around the edge. It takes about approximately 30 minutes to walk mow 18 green if you are fast.
- All 2,182 sprinkler heads have been mapped and measured for location, and must be found and cleaned out around each spring.

Total = 120 Acres of Property
